*“Hi, my name is Hayley Conner. I go to General McLane High School. I am nominating Mrs. Thompson because she is a loving, caring teacher and is amazing at what she does. I love being in her class, and I would love to be in her class again. Mrs. Thompson’s class is really fun. She is one of my favorite teachers I’ve had. When it is 4<sup>th</sup> block, I get to go to her class. I get to learn new ways to draw or do fun projects that at first, I didn’t know how to do, and now I do know how to do them the right way. She loves telling us stories, and I enjoy listening to them. Being in her class showed me different ways to draw and look at stuff. Mrs. Thompson is easy to get along with, an understanding teacher, outstanding, very supportive and helpful, and she is my favorite teacher. I really hope I can be in her class again because I am having a lot of fun in her class. I got to meet new friends, and I’m learning a lot about art that I never knew about art before. She showed us different way to look at an artwork. I would never have thought about looking at art in different ways but now I do thanks to Mrs. Thompson. She changed my life by looking at paintings in different ways. She is helping me to become a better drawer, since all I knew how to do was cartoons, but she showed me to draw different than what I am used to drawing. She is an amazing, sweet teacher that I had.”*
